PotC (PotCoin) Whitepaper

1. Introduction

PotC is a decentralized meme-based cryptocurrency built on the Binance Smart Chain (BSC). Inspired by internet culture and driven by community engagement, PotC aims to merge the humor and viral appeal of meme tokens with real-world DeFi utility. With a fixed supply and community-first approach, PotC is designed to be fun, inclusive, and value-driven.

2. Vision & Mission

Vision:

To become the most recognized and community-powered meme coin in the BSC ecosystem, offering financial inclusion, utility, and Web3 education through fun and accessible crypto tools.

Mission:

- Create a fun, meme-driven ecosystem that attracts both new and seasoned crypto users.

- Encourage decentralized finance adoption through transparency and community rewards.

- Expand PotC's use cases with NFTs, gaming, and staking integrations.
